easyJet celebrates flying 70 million passengers from Belfast International

- easyJet has celebrated flying 70 million passengers to and from Belfast International Airport by surprising a lucky family with free flights
- Northern Ireland's largest airline will welcome an eighth aircraft to the base from next summer and is launching new routes to popular beach destinations including Antalya in Turkey, and Rhodes in Greece

easyJet, Northern Ireland's largest airline, has today celebrated carrying 70 million passengers to and from Belfast International Airport.

To mark the occasion the airline surprised the Brennan family from Belfast, flying today from Belfast to Lyon, with free easyJet return flights. Other celebrations, including cake giveaways, happened at the airport throughout the morning.

GARDEN · HOME · CAFE

Our Partnership

Langtry Lane, based in Co.Down & Dae, based out of Co.Dublin met in Belfast, February 2026 at IFEX food expo. We have been discussing working together since.

With help and support from Sir Stelios, we are happy to announce that Dae is now supplying Langtry Lane with their açai smoothie base which is sold on their seasonal menu at Langtry Lane Cafe in the small village of Moira.

This partnership has been great addition for both small businesses in promoting cross border trade and relationships.

Story

Langtry Lane is a Garden, Home and Cafe centre destination located in Moira, Co.Down.

This was a dream 10 years in the making and in 2024 my wife, Tracey and I, took the leap to begin that dream. We are proud to create a destination for the local community right across the island of Ireland for customers coming from both North and South.

We are extremely excited for the next expansion plans such as our Farm shop showcasing local producers and new Horticulture gardens with designated children's area.

Founders Luke & Tracey

Story

Founder Conor

Dae is a free-from frozen dessert brand founded in April 2021 by chef Conor Sweeny, making authentic açai and smoothie bases inspired by his aunt's family recipe from Campinas, Brazil.

Originally named Leamhain after Killorglin's river, Dae celebrates family, community and ice cream sundae nostalgia, with recipes adapted over a year for Irish tastes.

A Foodworks graduate and Enterprise Ireland client, Dae sources ingredients from 80 co-operative farmers across northern Brazil, using recyclable packaging and a zero-waste kitchen.

Through Northern Ireland partners including Rockwell Water and Hendersons Food Group, Dae supplies over 100 cafés, serving more than one million açai bowls in 2026 alone.
